

Glynne Primary School Prevent Risk Assessment - 2022-2023

Under the Prevent Duty, all specified bodies, including schools, colleges and universities are required, in the exercise of their functions, to have 'due regard for the need to prevent people being drawn into terrorism'. The legislation sets out that schools must assess the risk of children being drawn into terrorism, and that this assessment should be based on 'an understanding, shared with partners, of the potential risk in the local area'. It will be necessary for schools to develop an action plan outlining how identified risks will be addressed. This Prevent Action Plan Template has been developed to assist schools in doing so by providing some suggested risk areas and proposed actions.

If deemed necessary, serious incidents will be discussed and referred to security and partnership's police officer – Haroon Akhlaq, West Midlands Police Counter terrorism unit – 07393 142188 – h.akhlaq@west-midlands.pnn.police.uk

This document contains **sensitive** information that will help you identify and manage the potential risk and threat to extremism that could exist within your locality.

Please do not display in public areas such as public school websites, reception areas etc. The information within is for potential risk mitigation purposes only.

Assessment conducted by: Fiona Pearson	Job title: Assistant Head teacher and DSL	
Date of assessment: January 2023	Review interval: Annually	Date of next review: January 2024
